

Create to Learn

Youth Media Activator Agreement

TakingITGlobal is a charitable youth service organization has been funded by Innovation, Science and Economic Development Canada's CanCode program to deliver digital skill-building opportunities for youth. Create to Learn, a new TakingITGlobal program, aims to equip 80 Indigenous youth from remote communities with the training and equipment needed to share stories from their communities and empower other youth as creators and storytellers.

I, _____, am pleased to accept a role as a Youth Media Activator for the Create to Learn program in my community of: _____

I am accepting an iPhone 6S, GoPro HERO5, MacBook Pro, DJI Spark Drone, Samsung 360, LavMic, and GorillaPod from TakingITGlobal in support of this goal and plan to share these resources with youth in my community to provide them with the

opportunity to build their skills and share the content and stories they want to have known.

TakingITGlobal is working with Canadian Roots Exchange and Bold Realities to launch Whose.land, a new educational web resource highlighting treaties, traditional territories, and Indigenous communities across Canada. We would love to showcase videos you create on this new platform to help other communities across Canada learn about one another.

TakingITGlobal will provide me with an honorarium of up to \$500 for training other youth in my community and helping them develop a video telling a story related to your community or culture before December 31, 2018. The breakdown is as follows:

- I will ensure that at least 5 youth in my community will have access to a training opportunity along with the equipment I have been provided in order to create a digital story that promotes well-being and showcases the land, culture and beauty of the people of my community. I will be thoughtful in the recruitment and selection of youth in order to ensure that they feel supported and encouraged along the way.
- I will let TakingITGlobal know how many youth I am able to reach in total.
- \$100 will be provided following the submission of each video of at least 120 seconds created by the youth participants from your community that I have recruited, trained and support (up to 5 videos for a total of \$500)
- I will maintain regular communications with the TakingITGlobal team and will ask for help and support as challenges arise.

Upon submission of 5 videos, TakingITGlobal agrees to transfer ownership of the equipment for the permanent use of my community/school. If the equipment is lost or stolen, I will notify TakingITGlobal so the iPhone 6S and/or MacBook Pro can be locked and disabled remotely. ~~I release and discharge TakingITGlobal from all liability related to my creation of video footage using these devices.~~

I agree and acknowledge that:

- (a) TakingITGlobal and its affiliates, affiliated organizations, companies, partnerships, corporations, subsidiaries and any other entities and their present and past officers, directors, employees, representatives, agents, members, shareholders, beneficiaries, trustees, successors and assigns (the "TIG Parties") may photograph, film, record,

- (c) I will not receive any royalties or other compensation for the Use of the Content nor will have the right to inspect or approve the Use of the Content; and
